Subject: Request to Attend the 2025 Green Schools Conference

Dear <<Supervisor>>,

The annual [Green Schools Conference \(GSC\)](#) will be held in person this spring, March 3-4, 2025, in Orlando, Florida. The GSC brings everyone involved in creating and advocating for green schools, focusing on those leading their schools and school systems toward whole-school sustainability. I would like to attend and participate in the two days of programming.

Now in its 15th year, the GSC provides a platform for the green schools community that inspires and facilitates the progress of the green schools movement. The [2025 GSC education program](#) addresses five priority topics facing the green schools community:

- Environmental Justice & Health Equity
- Communication for Climate Action
- Partnerships for Sustainable & Equitable Schools
- Healthy, Zero Energy Schools
- Sustainable School Culture & Climate

The conference is the best place to gain knowledge directly applicable to my role as <<insert>>. I will be able to choose my education sessions, tailoring my schedule to content that is directly applicable to my work and will allow me to network with a variety of teachers, school and district staff, educational leaders, building industry professionals, non-profit and government partners and others who are passionate about the future of green schools.

I am seeking approval for registration fees. The 2-day experience registration fee for a PreK-12 school and district attendee is **\$550*** before confidence pricing expires on January 3, 2025. Rates will increase to \$575 through January 31, 2025, the early bird deadline. Attending the GSC will allow me to learn valuable skills and return with resources and strategies to employ here at <place of employment>.

Please see the attached fact sheet for more information on GSC.

Sincerely,

<Your Name>

**If you are not a PreK-12 school or district employee or government employee, please reference the [GSC website](#) for the correct pricing for either USGBC Member or Nonmember.
